**Work Together**

**Build Together**

**Stand Together**

**St. Rose**

### Attention ALL

The St. Rose Development Club would like to thank you in advance in helping putting on this event. Events like this help grow our GREAT community. Without the support from our community members, we would not be able to accomplish the things that we have: Up keep on maintaining the park and playground equipment, removal of the outfield ball fence to install two soccer fields so that St. Rose kids can play in St. Rose, upgrades to the fencing and dugouts are just a few of the current things the club has been working on. So, if you cannot work your shift please find a replacement or switch with someone. If you have any questions about your shift please call Eric Benhoff @ 618-604-8917. All help would be appreciated on Monday, July 13th for cleanup at 7:00pm. The SRDC meeting will begin after cleanup that night.
