Although there is a 50 year warranty against breakage on the bench there is no guarantee on the lifetime of the bench. It will not be the Village of St. Rose responsibility to replace it once the bench is no longer usable and/or worn. The Village of St. Rose will take suggestions for the placement of the benches but will have the ultimate decision on where the bench is placed. The village of St. Rose does not profit from the benches. They pay for shipping costs and the concrete to place the bench. The \$1,200 cost covers the personalized bench.
